B. Clarifications

Particulars	Bidder's Clarification	DSWD Response
Approved Budget for the Contract (ABC) : PhP 10,000,000.00	As per computation, using the current market prices of toners per Stock Keeping Units (SKUs), the bidder established that the ABC is not sufficient vis-à-vis to the number of toners specified in the Bidding Documents.	The observations of the bidder is duly noted. However, the DSWD requirements in the Bidding Documents does not prescribed any brands of the toners. The assumption is for the bidder to provide a solution that will meet the specifications of the project and must be within the ABC.
Item 1.3.1. Supply of needed printing cartridges (both monochrome and colored) per month is five (5) cartridges.	If the bidder supply 2 toners per printer per month, budget needed is P29M while if the bidder supply 5 toners per printer per month, budget needed is P66M.	DSWD-ICTMS has already conducted market research on the project and came up with the ABC and was duly approved by the Head of the Procuring Entity (HOPE). Hence, DSWD can no longer amend the ABC.
Brand new printers and genuine toners	Are all the printers required brand new and the toners	Based on the Terms of Reference (TOR), there is no

	<p>required are genuine?</p> <p>If the bidder opted to a remanufactured toners instead of using genuine toners, it will not give the DSWD an assurance that it can produce the same yield as the genuine toners. Normally, it has a lower yield based on the actual usage.</p>	<p>prescription on brand new printers and genuine toners. Further, there is no prescription that the bidder shall use remanufactured toners.</p>
<p>Item 2.3. The service provider/supplier shall provide necessary warranties for all active devices for the span of the contract and with a 24/7 and 4 to 8 hours' response time depending on the location.</p>	<p>Can the Service Level Agreement (SLA) or support be 8/5 instead of 24/7?</p>	<p>24/7 is the requirement of the DSWD.</p>
