TERMS OF REFERENCE

*HIRING OF CONSULTANT FOR THE ENHANCEMENT OF THE KNOWLEDGE
MANAGEMENT PORTAL*

I. RATIONALE AND BACKGROUND

The Knowledge Management Portal was launched in 2016 as an online repository of Knowledge Products and directory of Core Group of Specialists, to facilitate the flow of information within the Department and establish a culture of knowledge sharing.

Through the years, certain capabilities and functionalities of the KM Portal needs to be updated and enhanced. The upload, download and edit functions of the portal are no longer possible due to errors, brought upon by outdated processes installed in the current portal.

With this, a Design Sprint session was conducted last October 2020 to address these issues and concerns. A design prototype was created along with its layout and functions. Thus, the bureau requires a consultant that can create an enhanced version of the KM Portal using the Design Sprint prototype.

II. OBJECTIVE

The purpose of hiring a consultant is to enhance the current KM Portal by developing a website, based on the design prototype output of the recently concluded KM Portal Design Sprint.

III. SCOPE OF WORK

The consultant will be required to do the following tasks:

1. Submit an Inception Report. It should cover the detailed work plan and timeline of the consultant for the duration of the contract, and agreements as approved by SWIDB. The objectives of the engagement and review of the existing KM Portal and design prototype is discussed in this stage;
2. Develop an enhanced version of the KM Portal, a website based on the design sprint prototype (<http://bit.ly/3bwR95a>). It must have a coded content management system using web development and programming languages (HTML CSS, PHP, JavaScript, etc.), and user analytics that can measure, collect and analyze web data from end users;
3. Conduct a user orientation and testing activity where participants can test the functionalities of the website; and,
4. Develop a KM Portal manual for portal administrators and users. It should contain troubleshooting procedures and how to access/use the portal and its services.
5. Provide a back-up plan for the application.

IV. EXPECTED OUTPUTS/DELIVERABLES

The major outputs of the consultancy are as follows:

1. Inception Report.
2. Functional KM Portal with a content management system that contains the following features:
 - a. Content creation (create and update content);
 - b. Content storage (database of information and other materials); and,
 - c. Workflow management (assign responsibilities based on roles such as administrators and users); and,
 - d. User analytics (measure collect and analyze data from end users).It must pass the User Acceptance Test and other assessments conducted by the Information Communication and Technology Management Service (ICTMS), and must follow the DSWD Branding Guidelines implemented by the Social Marketing Service (SMS).
3. Conduct an orientation and develop a KM Portal manual for web administrators and users.
