Subject: Implementing Guidelines on PGMA Scholarship Program For Rural and Urban Areas (Tertiary Level)

I. Rationale:

The social and economic development of a country is best achieved through education. Education plays a vital role in improving man's life, specifically in his/her integration to the mainstream of development. It is considered a prime leverage for upward social mobility and its pursuit should therefore be a priority among the underprivileged sector of the society.

The 1981 Revised Constitution of the Philippine specifically Article II, Section 5 under Declaration of Principles and State Policies states that, “The state recognizes the vital role of the youth in nation building and shall promote their physical, intellectual, and social well being.”

The total well-being of our youth today is best promoted through education but not all Filipino people are privileged or have the means to acquire the kind of education they deserve as vehicle for full integration to society.

The higher education enrollment shows an increasing trend from AY 1994 - 1995 to AY 2000 - 2001 with an average growth of seven (7%) percent. Based on Commission on Higher Education (CHED) data from 1994-1995 both public and private educational institutions had a total college enrollees of 1,871,647. For SY 2000 - 2001, there were 2,430,842 college enrollees in both public and private institutions. The data shows that increasing number of youth aim to reach or finish college education to attain quality life.

The government cannot fully address all the needs of the marginalized communities and indigenous people of our country. It is in this light that the President Gloria Macapagal-Arroyo (PGMA) scholarship program or sponsoring of agency is being established to provide the poor and marginalized youth access to education. The program was launched to provide support for the college, vocational or technical education of these deserving students.
II. Project Description

The program provides free college education to deserving students coming from rural and urban poor families, giving priority to KALAHI and CIDSS areas through proper coordination with President Management Staff (PMS) of the Office of the President or Sponsoring Agency.

The President's Social Fund has funded the scholarship program for the school year 2001 – 2002. To ensure completion of the scholars' four years studies, another budget for SY 2003 to 2006 shall be provided. Support of PSF or some Non-Government Organization to the program is being sourced-out.

PGMA’s Scholarship Program for the Urban Poor in Metro Manila and Nearby Cities

I. Project Description

The project involves the awarding of two (2) to five (5) year scholarships to 5,000 children from the urban poor families/communities in Metro Manila and nearby cities for their college, or vocational and technical education.

For the said purpose, the President, through Her Excellency’s Social Fund, shall cover each scholar’s tuition and other fees, and monthly stipend of P500.00 from first year until graduation.

II. Background/Rationale

Development experts have long established that education holds the key to solving the twin problems of poverty and unemployment/underemployment. For the nation’s urban poor, who are generally acknowledged as among the poorest of the poor and without natural food resources that are available to even the most impoverished rural communities, access to free tertiary education, or, as a door to income earnings from employment, livelihood and entrepreneurship takes on greater urgency.

For this reason, financial assistance for the education of children from urban poor families is a concrete translation of redistributive justice that should be the multi-sectoral focus of national development priorities.

On 14 May 2001, President Gloria Macapagal-Arroyo announced the provision of the Administration’s support for the college education of 5,000 children of urban poor families in Metro Manila and nearby cities, at the Polytechnic University of the Philippines (PUP) and Technological University of the Philippines (TUP), and other such learning institutions, as may be tapped in future.
PGMA’s Scholarship Program for the
Urban Poor in Metro Manila and Nearby Cities

IMPLEMENTING GUIDELINES

Following are the implementing guidelines for the availment of PGMA’s Scholarship Program.

1. Objectives

The program aims to upgrade the socio-economic conditions of urban poor families by providing their children with access to free tertiary education and developing the youth of this sector to become responsible and productive individuals, capable of supporting their poor families and thereby triggering progress in their respective communities.

The specific objectives of the Program are as follows:

1.1 Provide free tertiary education to a total of 5,000 children of urban poor families in Metro Manila and environs to enable them to study/earn a college degree and/or technical education from the Polytechnic University of the Philippines (PUP) and Technological University of the Philippines (TUP).

1.2 Assist the beneficiary-scholars through proper monitoring, evaluation and guidance.

2. Criteria for Selection/Evaluation of Scholars

2.1 The family income of the beneficiary-scholar must not exceed P7,500.00, especially when he/she comes from a small family having three (3) children, or less. However, should a beneficiary-scholar belong to a large family of four (4) or more children, incomes below P10,000.00 may be considered.

2.2 Only one (1) child from each urban poor family can avail of the scholarship program.
2.3 The beneficiary scholar must pass the required qualifying entrance examination of the participating universities and must be able to present his/her High School Report Card and Certificate of Good Moral Character from the principal of the school.

2.4 Priority shall be given to beneficiary-scholar wishing to enroll in Information/Computer-related courses, Tourism and Science courses.

3. **Coverage of PGMA's Scholarship Program**

3.1 **Tuition Fee.** The Program shall cover the tuition fee of the beneficiary-scholar, to be released from the President's Social Fund directly to the participating schools/universities.

3.2 **Stipend.** In addition, the PSF shall release, through the participating schools/universities, the scholar-beneficiaries' monthly stipend of P500.00 for ten (10) months per year for a period of two (2) to five (5) years, or, depending on the length of the courses, and as long as the scholar maintains passing grades.

The participating schools/universities shall, in turn, release the monthly stipend to the scholar-beneficiaries on a monthly basis.

4. **Implementing Structure**

To ensure the successful and sustained implementation of the Program, an inter-agency committee, which shall be composed of the Department of Social Welfare and Development (DSWD), PUP, TUP and PMS, shall be established.

Since the main objective of the Program is to address the social well-being/condition of urban poor families, especially their children, the committee shall be led by the DSWD, the government agency that is mandated to ensure the social well-being and welfare of marginal sector.
The functions/responsibilities of the members of the inter-agency committee are as follows:

4.1 **DSWD as Lead Agency.** The DSWD, in close coordination with the participating schools/universities, shall disseminate information on this education facility and ensure that the beneficiary scholars of the Program belong to the urban poor families from depressed communities in Metro Manila. The DSWD shall also guide/assist the applicants in meeting the requirements for availment of the scholarship.

4.2 **PUP and TUP as Participating Schools/Universities.** Initially, the Program has tapped two (2) state-run universities: one is the Polytechnic University of the Philippines (PUP) and the other one (1) is the Technological University of the Philippines (TUP). These universities shall directly implement the Program and help each scholar-beneficiary to maintain good scholastic standing by instituting appropriate monitoring, evaluation and guidance schemes.

4.3 **PMS as Funding Agency.** The PMS, which manages the President’s Social Fund (PSF) of PGMA, shall release the funds for the purpose. The PMS shall also conduct regular monitoring/evaluation and audit on program accomplishments and fund disbursements.
